Researchers interested in the Austro-Hungarian empire will enjoy this presentation of the myriad available resources for perhaps the world's best-documented Jewish communities. Although focused on Austria and the Czech Republic (Bohemia and Moravia), anyone with roots in Slovakia, Galicia and Hungary will also find useful information, as there is hardly a family in the empire that did not send someone to the capitol city of Vienna. Learn how to access all of the amazing records for your genealogical research at this updated presentation.
